

WESTERLY

Oct. 27 will see the members of Grange City camp, 3155, M. W. of A., enjoying a fine program which is now being planned for that evening at the close of the roll call. This will be the first roll call since the organization started in 1901. A sketch will be presented by Joseph J. N. Williams, Jr., E. A. Lee and Herbert Martin. Refreshments will follow. This organization is in a most prosperous condition, with a growing membership.

Mr. and Mrs. George M. Pendleton of South street have returned from their wedding trip, and upon Mr. Pendleton's return to his duties Monday at the C. & D. Cottrill Sons company, his fellow officers presented him with a hand-stitched china mustache cup.

The 349th company, C. A. C. R. I. N., put on their sham battle near Durbin road Sunday. The affair started about 10 a. m. and was not finished until late in the afternoon. Capt. Charles J. McConnell had charge of the invading army and Sergeant Dowling had charge of the defending party. Two battles were fought. The decision by the judges was not yet given out.

Members of the members of the Soldiers' Home at Bristol, R. I., were most pleasantly surprised when about 20 members of the 349th company, C. A. C. R. I. N., arrived at the home and paid their annual visit to the institution. They remembered the Civil war veterans with fruit, candy and home-made cakes. The ladies found Comrade Bird of Dudley post, Westerly, in the capital department, and all the others who have relatives and friends here sent messages to them. The ladies carried sweet lunches and after the noon hour provided a literary and musical program for the benefit of the soldiers. Capt. Howard, who is a Civil war veteran, also staged a vaudeville and literary entertainment which was well received by all.

A Pleasant View summer resident, Benjamin Whetten, of East Hartford, who is now in the hospital at the Soldiers' Home, has been discharged. He claims he didn't pick up any grain for the fowls and fed the table scraps and popcorn. He received \$23.34 for the flock of 12 hens, during the year. He paid \$12.50 for his feed and disposed of them for \$22.17, a net of \$10.34. The largest profit shown was for eggs, as the males made amount to \$20.00, and he says the profit per hen for three months was nearly \$3.

Frank Johnson, who is in the employ of the electric light company here, is in the city, N. J., attending a convention.

Miss Lillian Russell has returned from 1911 in Simsbury, Conn. Mr. and Mrs. William Wilcox of the city are entertaining Miss Mary Jones of Boston.

Miss Helen Payne of Chestnut street visiting in Lawrence, Mass. Mr. and Mrs. Joseph McFarlane and Miss Isabelle Garrison, who have been visiting in Atlantic City, N. J., have returned home. Mrs. H. Goff has returned to her home in South street, having been guest of Mrs. H. Goff in Hampton, Conn.

The electricity went off in Westerly 1 neighboring towns about 6:45 Wednesday evening following an electrical storm. The electric car service was 4 off schedule.

Westerly—Division No. 3, American of Hibernians, observed its twenty anniversary with a celebration in Hibern hall.

**INCENDIARY SUSPECT
PROVED TO BE INNOCENT**

New York, Oct. 23.—Fire Commissioner Drennan announced today that Albert F. Molnar, who was arrested today in Bayonne, N. J., where he was found near a Catholic church with a candle in his hand, had proved to the satisfaction of the fire department that he had nothing to do with the incendiary blaze which swept an East Side tenement Sunday morning causing the death of fifteen persons.

The Bayonne police had quoted Molnar as admitting that he was a member of a "fire bug" band, and that the tenement fire had been set on order of the chief, "Big Nose Ralph." He later repudiated this story.

Molnar was sent to Bellevue hospital for observation in the psychopathic ward after he had been questioned by Fire Marshal Brophy and Commissioner

EARL MATHEWSON, Receiver

Drennan. Two women, relatives of Molnar, also were questioned.

"At no time," said Marshal Brophy, "did Molnar say that he had set the blaze in the tenement house on Sunday. He has established what we consider an alibi, and we feel sure that he was not connected with the Lexington avenue fire."

Marshal Brophy explained that Molnar, according to information gathered by the fire department, has been in a

deranged mental state for about two weeks as a result of the shock of learning that one of his friends had been killed in an automobile accident.

GOVERNMENT NEEDS 1,000,000 POUNDS OF JUTE TWINE

Washington, Oct. 23.—Enough twine to encircle the earth more than thirteen times is wanted by the post office depart-

ment.

Bids have been asked for 1,000,000 pounds of two ply jute twine. This amount of twine is only half a year's supply used by the department throughout the entire service.

The twine is put up in balls weighing half a pound each, thus the order will contain 2,000,000 balls. As each ball contains 300 yards, there will be 600,000,000 in the lot, or 240,000 miles of twine.

Can you build a brick house without bricks?

If a man told you he was going to build a brick house without using any bricks, you'd think something was wrong with him, wouldn't you?

Well, then, what about the man or woman who plans to build a sturdy human body but neglects to eat the kind of food that builds that kind of body?

Many "refined" and denatured foods are lacking in the mineral elements which the body requires—especially for bones, nerves and teeth.

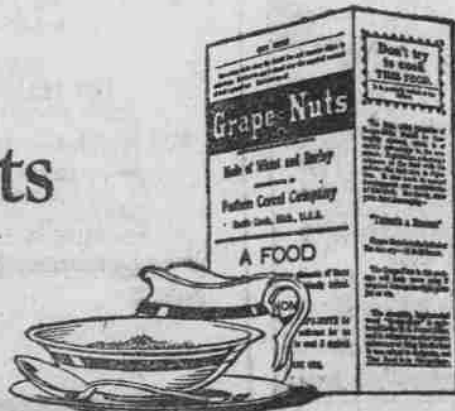

You do get the right mineral elements in Grape-Nuts—the delicious cereal food made from whole wheat flour and malted barley.

Every bit of the nutrition which Nature puts into the grains is retained in making Grape-Nuts. Lime phosphates, iron, magnesium, potassium—are all there. And then, too, there's that wonderful flavor and crispness that makes eating a joy.

Try Grape-Nuts with cream or milk for breakfast or lunch tomorrow, and see if you haven't been missing an unusually delicious and sustaining food. Sold wherever good food is sold or served.
